DISASTROUS FIRE DESTOYS BUSINESS SECTION OF HOPLAND

Causes a Property Loss of Nearly Thirty Thousand Dollars--Seventeen Valuable Horses Burned—Mineral Water Used to Fight The Flames

The cosy little town of Hopland was the victim of the most destructive conflagration in all its history last Sunday night. A fair estimate of the losses foots up nearly $30,000, and it will probably fully reach that sum when everything is counted.

The fire broke out in the Buckman livery and feed stable, conducted by Messrs. Clendenin & Duncan, lessees, and spread very rapidly.

It is not known just how the fire originated as there was no one in the building at its incipiency. The man in charge had gone with a passenger to the Burns ranch, and when he returned the building was on fire on the inside. The only horse belonging to the stable which was saved was the one this man had driven. Seventeen horses were burned to death.

The means for fighting the flames were limited, consisting of a power pump operated by a horse. It was soon seen to be futile to attempt to save the buildings in that block, and the main effort was directed to saving the Thatcher hotel on the opposite side of the street. The hotel was saved with a damage of $600. The losses, so far as ascertained, were as follows:

Clendenin & Duncan, surreys, buggies, &c. and 9 horses, $2500. No insurance.

Grant & Harris, general merchandise, $10,000. Insurance $6500.

Miller, the barber, $100.

Peter McCain, restaurant, $1000.

Flynn, variety and fruit store, $100.

Vassar & Banks, saloon stock, $1200.

H. P. Buckman, buildings, $9500. Insurance $2500.

Frank Laughlin of Mark West, buggy and span of horses, $600.

Charles Sailor of Scotts Valley, 4 horses and harness, $800.

Joe Harris, horse and buggy, $250.

H. Sierck, horse and two buggies, $75.

Frank Grant, buggy, $100.

Thatcher hotel, damaged, $600.

Damage to other buildings, $300.

Total loss, $27,125.

Total insurance, $9000.

Net loss over insurance, $18,125.

The postoffice and records were burned.

The railroad depot was in imminent danger of destruction, as it is very near the block that was burned. It was only by the quick-wittedness of the station agent, Clyde Hewitt, that the depot escaped. It happened that ten or twelve galvanized iron cases filled with mineral water from Duncan's Springs, ready for shipment to San Francisco, stood on the depot platform. The station agent failed to see why the famed mineral water should not be equally as good at fire extinguishing, as any other kind of water. So he took a hatchet and broke in the top of the tanks and soon was applying the water to the outside of the building. He kept up the work until the danger was passed. His work was effective and when at times a corner of the depot building evinced a desire to get a little too hot he put on an extra supply of Duncan's water. This was undoubtedly the only thing that saved the depot building and the string of cars alongside. The train on Monday carried the water tanks to Tiburon to have the hatchet injuries repaired. Mr. Hewitt's pluck is much commended by the people of Hopland and will be appreciated by the railroad company. In case he had failed to save the building Mr. Hewitt had the contents of the depot moved to a place of safety in an empty box car. He was formerly agent at Lytton's Springs.

Street Scene in Hopland Showing Part of the District Burned

Boys Drowned in Big River

On Tuesday of last week two boys, Willie McKenzie and Leslie Jarvis, were drowned near the railroad bridge above the boom on Big river. It is not known just how the accident happened. They had evidently gone in swimming, for their clothes were on the bank, but when discovered their dead bodies were lying at the bottom of the water where it was quite deep. The funeral of Leslie Jarvis took place Thursday and that of Willie McKenzie on Friday. They were aged respectively 12 and 14 years.

Sentenced and Committed

In passing sentence of life imprisonment upon J. W. Finley last Saturday, Judge White took occasion to give the convicted man some mighty straight talk. Finley received his sentence unmoved, tho he told some one at the jail that he would rather be shot or hung than spend his life in prison.

He started on his journey to Folsom Saturday afternoon in charge of Pete Gillan of Ukiah and Constable S. J. Carpenter of Maxwell, the man who arrested Finley in the first place. Carpenter happened to be in Ukiah on business, and as he was returning to the Sacramento valley it came handy to make him one of Finley's guards.

Board of Education

The Board of Education is busily at work on the examination papers of the various schools of the county, but we are unable to give a list of the grammar school graduates this week as the work is not far enough advanced. Professor Cotton of the Board is in St. Louis on leave of absence, but the other four members are hard at work.

Not Our May Thomas

The Miss May Thomas who came so near being drowned in Russian river last Wednesday, and who was fortunately rescued at the last moment by two young men, was not our May Thomas. The Ukiah Miss Thomas has been teaching in Ornbaun district and we understand her school will close today. The Miss Thomas who came so near drowning is teaching over the line in Sonoma county.

Reward $300

As stated in these columns last week, Governor Pardee has offered $300 for the arrest of Charles N. Jones and William H. Lambert, who are accuerd of being accomplices with J. W. Finley in the murder of Frank Drake at Hollow Tree in this county March 28th, 1904. If one of them should be arrested and the other should not, the reward will be $150.

Off for the Fair

THE DISPATCH'S successful candidates for World's Fair honors will leave for San Francisco tomorrow to get ready for the trip across the continent. Miss McElroy has already gone to the city to visit a few days before starting east. Mrs. Sanford and Miss Saxon leave this afternoon and will be joined tomorrow by Mr. Sanford, Arthur McFaul, Bennett Pemberton and Miss Bessie McGarvey.

The young people will be shown the beauties of Golden Gate Park and the Cliff House on Sunday, and will spend Monday making preparations for the start on Tuesday morning. Several Mendocino people will accompany the happy party to St. Louis. Miss Bonnie Gaine and Miss Genevieve Kelton, two of our successful teachers, are among the crowd. They go to see the great exposition and better prepare themselves for the work of teaching.

Miss Cornelia Terry, the efficient deputy in the Tax Collector's office, will also accompany the party. She is a granddaughter of ex-Judge Terry and will visit relatives in Texas and Louisiana before returning home. W. E. McFaul, a brother of Arthur, came over yesterday and will go to the city to see the contestants off on their great trip.

All arrangements have been made for a grand time.

The great train carrying the Democratic delegates and the young people leaves San Francisco Tuesday, June 28th, and arrives in St. Louis on July 1st.

The party will take in the Fair, the national Democratic Convention and the international athletic contests. They will stay in St. Louis about 20 days when the return trip across the continent will be made. The party will be located at Hotel Oakland, just 100 feet from the entrance to the Fair.

Friends desiring to communicate with any of the party will please address the letters to St. Louis, care of the World's Fair Exposition.

The contestants will write interesting letters to THE DISPATCH every week during their stay east, so that all may know how they enjoy the trip.

Rev. Waggener to Leave Ukiah

It is with much regret that we learn that Rev. W. O. Waggener will terminate his pastorate of the M. E. Church, South, in Ukiah after next Sunday, and we are sure that he himself regrets it as much as any of the membership of his church, all of whom hold him in the highest esteem. The circumstances which call him away are as follows: Some weeks ago the Presiding Elder of the Colusa district died, and Bishop Morrison, who has charge of these western conferences, had great difficulty in supplying the vacancy thus caused. Finally the Bishop telegraphed Rev. Mr. Waggener from Atlanta, Georgia, that he had appointed him Presiding Elder of Colusa district, and being loyal to his church and its constituted authorities, he felt that he could not do otherwise than accept. He will preach his last sermons here next Sunday at 11 o'clock a. m. and 8:00 o'clock p. m. after which he will depart for Chico, where the residence of the Presiding Elder of that district is located. Mrs. Waggener, and daughter, Miss Mary, will probably remain here for a short time.

Wool Mostly Sold

Most of the spring clip of wool delivered at this point was sold Wednesday, and the bulk of it brot 22 cents a pound, which is the best price obtained for some time. The weight of the wool stored in Lucas Brothers' warehouse was 176,077 pounds and about 1000 pounds of mohair. At 22 cents this would distribute nearly $40,000 among the wool growers who delivered their product at Ukiah. Besides this a very large proportion of the wool sold last week at Cloverdale was produced in this county and Willits is also a shipping point for Mendocino wool. So it will be readily seen that the money distributed in the county thru the wool industry is an important item.

Indians In Trouble

As a result of the troubles among the Indians at Round Valley Joe Lockhart is in jail in Ukiah on a charge of having attempted to kill John McKay. Lockhart has been held to answer before the Federal Court by U. S. Commissioner Con H. Goldberg of Covelo. It is said that several parties who have been selling liquor to these Indians will probably be indicted by the Federal Grand Jury.

Harry Fallas Hurt

Last week Joe Snell and Harry Fallas of Ukiah secured employment at the "Diamond D" mill above Willits. Joe got his hand hurt the first thing and returned to Ukiah. Harry continued at work until Monday, when he was struck on the back by a falling board and severely injured. He was brot home and placed under the care of a physician. It is hoped his injury will have no permanent results.

Asthma Sufferers Should Know This

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years, and if I had taken it at the start I would have been saved years of suffering." For sale by E. B. Gibson.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and build up your health. Only 25 cents, money back if not cured. Sold by Mathews Drug Co.

Smoking in a Powder Magazine

Is courting death more suddenly but not more surely than neglecting kidney disorders? Foley's Kidney Cure will cure a slight disorder in a few days and its continued use will cure the most obstinate cases. It has cured many people of Bright's disease and diabetes who were thot to be incurable. If you have kidney or bladder trouble, commence taking Foley's Kidney Cure to-day, before it is too late.—Sold by E. B. Gibson.

Henry Waugh left Wednesday morning for a two weeks' trip to Livermore.

Sued by His Doctor

"A doctor here has sued me for $12.50, which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhœa Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this; in a case of cholera morbus, it never fails. Sold by Mathews Drug Co.

Going to the World's Fair in a Special Car

People from the Sonoma, Napa and Vaca valleys are arranging reservations in a special car to be run over the Santa Fe. The cheap excursion rates will apply for this car. Those who intend to visit St. Louis and wish to go in this car should write at once to the Santa Fe, 641 Market street, San Francisco, for rates and full particulars. my6-15t

Feel Impending Doom

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man."—Sold by E. B. Gibson.

The Commoner.

(Mr. Bryan's Paper.)

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is $1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and THE DISPATCH together for one year for $3.25. The regular subscription price of the two papers when subcribed for separately is $3.50.

Thrown From a Wagon

Mr. George K. Babcock was thrown from his wagon and severely bruised. He applied Chamberlain's Pain Balm freely and says it is the best liniment he ever used. Mr. Babcock is a well known citizen of North Plain, Conn. There is nothing equal to Pain Balm for sprains and bruises. It will effect a cure in one-third the time required by any other treatment. What Has Happened This Week in the Fog Belt

MENDOCINO PICK-UPS.

From the Beacon.

Born, to the wife of Jos. Escobar, June 11th, at Mendocino, a daughter.

Hay-cutting has commenced on the coast. The crop is reported to be very good this year.

Chris Ottoson, of Comptche, has purchased eighty acres of timber from Johnny Strauss.

Mr. and Mrs. John Daniels were down from Caspar Thursday, to attend the funeral of Leslie Jarvis.

Fred Stickney was lately engaged in surveying near Comptche for the Albion and South Eastern Railway.

Miss Dolly Bannerman, who was called to Ukiah recently by the serious illness of her sister, returned Monday.

The pupils of the eighth grade of the local grammar school are taking the examinations for graduation this week.

Mendocino will soon have a brass band as the Portuguese are now at work organizing one and are practicing diligently.

President E. C. Williams, of the Mendocino Lumber Co., left Saturday morning for San Francisco by way of Ukiah.

The Misses Annie and Margaret Coombs, of Littleriver, departed the first of the week for St. Louis to attend the World's Fair.

Mrs. Robt. Linn, of Comptche, who has been seriously ill in Ukiah for the past several weeks, is reported to be improving slowly.

Miss Mary Kennedy, a daughter of Mrs. H. McKenzie, came up from San Francisco Thursday to attend the funeral of Willie McKenzie.

H. McKenzie is erecting a building on the property of Dan Heldt at Caspar. It will replace the building destroyed by fire some time ago.

Lafe Hall, the well-known donkey boss at Perkins' camp, had one of his fingers so badly crushed in a lead block last week that he was forced to have it amputated.

Pepperwood Camp, No. 756, W. O. W., elected the following officers at their meeting held June 7th: O. O. Boggs, P. C. C.; S. F. Speer, C. C.; C. D. Tindall, Escort; C. O. Nystrom, A. L.; C. Johnson, Watchman; H. E. Nystrom, Sentry; A. L. Patton, Manager.

Rev. R. J. Campbell, who for the past two and one-half years has supplied the pulpit in the Presbyterian church, has tendered his resignation and expects to leave next week for San Francisco. Mr. Campbell will probably visit his home in Ireland shortly to attend the wedding of his sister.

The College of Medicine of the University of Southern California held its annual commencement exercises at Simpson auditorium, Los Angeles, June 16th. Among the list of graduates appears the name of George E. Paddleford, a former well-known Mendocino boy. His many friends in this place tender their congratulations.

Mr. and Mrs. Merrill and daughter and Mr. and Mrs. La Salle, of Berkeley, were the guests of Mrs. H. Jarvis Tuesday. They are out on a pleasure trip, and came here from Caspar, where they visited Mr. Merrill's brother, Mr. A. B. Merrill, assistant superintendent of the Caspar Lumber Co. They departed for home by way of Ukiah Wednesday.

VACATION IN YOSEMITE

Thousands Going This Summer

The Santa Fe has hundreds of applications for seats in their stages from Merced to Yosemite Valley, the short, quick way.

Mrs. Sam Reinking, of Manchester, presented her husband with a son on Monday.

At Rollerville, on Monday, June 13th, to Mr. and Mrs. Frank Clark, a son, weighing 9½ pounds.

Prof. and Mrs. R. E. Swain, of Palo Alto, arrived here Friday by steamer to spend a vacation with friends and relatives at Manchester.

The oil for sprinkling the streets did not arrive the past week and the dust continues to hold full sway. The reason for the delay is because passenger steamers are not allowed to carry oil.

Oil boring continues with the most flattering prospects. Some oil has been discovered and the large quantity of gas present gives every encouragement to the promoters.

P. W. Haggren returned the early part of the week from a trip thru Sonoma county, and on Wednesday left again, accompanied by his mother, for Healdsburg, where Porter bought a small store. We regret losing these people, but wish them success in their new home.

Miss Gertie V. Higgins, of this place, has graduated from a San Francisco business college lately, standing first in a class of twenty-five and finishing a six months' course in four months and one week. The president of the college and his wife have taken much interest in the young lady, who expects to begin steady employment next Monday.

From the Advocate.)

Robert Cummings was brought to this place last week from up the coast, where he met with an accident, breaking his leg.

A game of baseball was played at Albion Sunday between the team at that place and the team from Greenwood, the score standing 28 to 11 in favor of the latter.

The schools of this place closed Friday for the summer vacation, except Mr. Cotton's room, which closes today, examinations being held since Monday.

We are pleased to announce the engagement of Louie Shafsky, formerly of this place, to Miss Minnie Ludwig, a highly accomplished young lady of Auburn. The wedding will take place next August.

The City Council is to be congratulated on the stand taken against gambling, having ordered City Marshal Golden to stop the same. Coming on toward the Fourth, dead sure games pop up in every direction to fleece the poor, foolish men. who come to town. Gambling should be restricted as much as possible.

We think it would be a very unwise move on the part of the Board of Supervisors to attempt the prohibiting of automobiles and motorcycles traveling over the roads in this county. It might be well to place some restriction on them, but to prohibit their use, is out of the question. The automobile has come to stay, and in course of time, horses will get accustomed to them—same as they did to bicycles.

The most interesting baseball game of the season took place Sunday afternoon at the baseball grounds between the Windsor Stars and the Glenblair boys, the latter winning, the score standing 14 to 13. The game was closely contested, much interest being taken by the spectators. The Glenblair boys, like the home team, have some very good players. The game was umpired by John Aylward, whose ready decisions gave the best of satisfaction.

Worst of All Experiences

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Mathews Drug Co.

Three Physicians Treated Him Without Success

W. L. Yancy, Paducah, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in Kentucky treated me without success. I then took Foley's Kidney Cure. The first bottle gave immediate relief, and three bottles cured me permanently. I gladly recommend this wonderful remedy."—Sold by E. B. Gibson.

Nothing Known

Will Cure Kidney Diseases After They Have Fastened and Become Chronic But the Fulton Compounds. We Have Secured the Sole Agency for This City.

Fulton's Renal Compound enjoys the unique distinction of being the only thing known that cures kidney trouble in all its stages from the primary inflammation up to and including the chronic stage called Bright's Disease, which has been, up to the advent of this Compound, positively incurable. Then why not start with the Renal Compound at first rather than ordinary kidney medicines, all of which fall short if the disease has reached the chronic state? Then you will know you are right. No statements are published by the Fulton people except cases that have reached the chronic stage, incurable by all other known medicines. Here is another recovery we are permitted to refer to.

Mrs. S. E. Cline of 1737 Broadway, San Francisco, was pronounced by her physician as incurably ill with kidney disease that had become chronic (Bright's Disease). She also had diabetes. Another physician was called in. Dropsy had set in, the nails came off and he too said nothing known would save her. She was so far beyond help they told her not to further torture herself by dieting. She went on the Fulton Compounds. The third week was slightly better. The third month the nails began to come back, and a few months later was well and began dropping the treatment. An attorney, friend of Mrs. Cline, Judge E. B. Cutler of 330 Pine street, San Francisco, had diabetes that is also incurable according to the books. New Goods Arriving Daily for the Fourth

Visiting the City of Ukiah daily is unlike any other store where you always see the same things on display. Here you see something new every day. To keep up with the style you should visit this store as often as you possibly can; you are not expected to buy every time you enter this store, but we want you to come anyhow. By coming here oftener you will get better acquainted with the class of goods we sell and with our system of serving the public the best goods for the least possible money.

New Suits That Are About Perfect

The snappy suits you see worn by good dressers about town are not made-to-order by a tailor, but are the product of B. Kuppenheimer & Co., Chicago, sold exclusively by H. Marks & Co., Ukiah and Willits.

We have had merchant tailors admit that very few tailors can put in the shoulder on a coat like the Kuppenheimer. The perfect fit of a Kuppenheimer suit is unmatchable. The Shape Retaining front of which Kuppenheimer has the patent and the guarantee that goes with every garment sold here together with our low prices ought to be sufficiently convincing to every man in Mendocino County that to be properly dressed, without paying exorbitant prices to high price tailors, Marks' is the place for it.

News From Potter

POTTER VALLEY, June 22, 1904.

George Jones was over at the Witter Springs the other day.

Jo Adams of Eel River is in Potter this week working in hay.

J. C. Hughes is obliging Potter friends in furnishing them with good meat this week.

Newt Barnett and wife are busy in the co-operation store. They are clever people to deal with.

Polk Shelton expects to move his family over near Willits soon. He owns a home there and is anxious to move on to it.

Mrs. Gavin was down to Ukiah this week to visit her daughter, Miss Lulu, who returned to Ukiah the latter part of last week.

Mrs. Jake Wattenberger has returned to the valley from Lierly's resort, where the guests seem to be increasing all the time.

Vaughan Frasier's sawmill is running now and the men at work. He expects to move his family up to the mill as soon as he can.

Mrs. Lowe has returned from Ukiah and is stopping with Jack Brower's family. Miss Irene Brower is reported still improving.

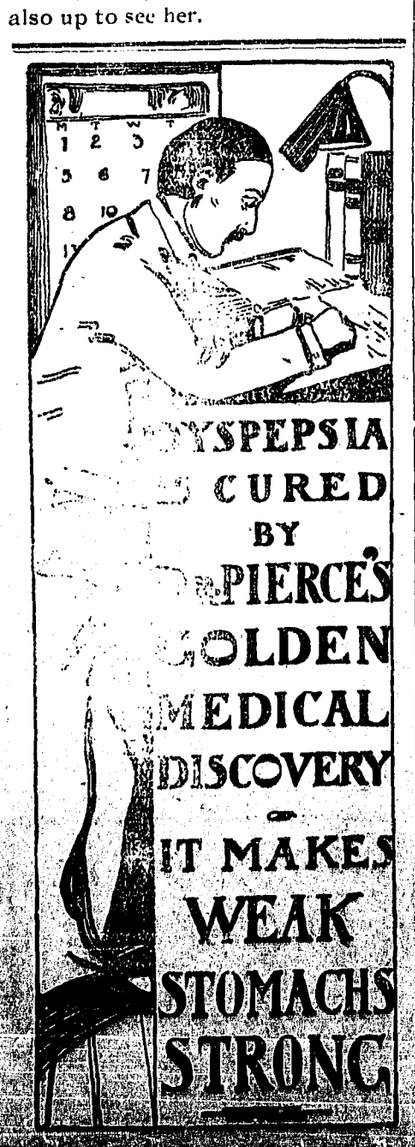
The large, handsome house of Mrs. Sarah Spencer of Pomo is being repainted. It will be beautiful in its new coat. Mr. Weldon of Ukiah is doing the work.

Miss Rose Sides and Mrs. Watson have gone to the Lierly resort. With increase of guests there is an increase of helpers.

Charlie and Craig Marders have returned to their places of business, the former to San Francisco and the latter to San Mateo.

Bert Thomas and Finis Vann have gone into the business of baling hay. They have some new machinery and have been experimenting. They start out at once on their summer's work. They do reliable work, as the many friends of the valley who have them well know.

Mrs. Marders' condition was so serious last week that Mr. Marders telephoned his three children, Chas., Craig, and Miss Grace, and they all came home. The mother is improving, and all are rejoicing, hoping for her return to health. Her sister from Ukiah, Mrs. James Cunningham, was also up to see her.



Walter Shoemaker of Pomo is a busybody. He is always pushing work. He has torn down his old barn, and is building a new one of good capacity and durable quality. It adds much to his beautiful home place. His second crop of alfalfa is about ready to cut. His orchard is well taken care of. Every part of his place is looked after.

Potter Valley is a hay field. Traveling up and down the valley the shocks make a picturesque scene, with the beautiful growing green grain and oak trees. Whether you take your view from the valley or from the rising hills, it is a lovely scene. Potter Valley itself is a resort where city people can enjoy themselves, with attractive surroundings.

Charles Thompson, an Indian, who was brought into the valley many years ago by a man by the name of Forsythe, died last week in Ukiah, where he had been taken for an operation. He has lived with and worked for many of the old residents of the valley, everybody knowing him and calling him "Charlie." He has been working for Barnett & Thomas for some time. He was a Christian man, and everybody seemed to have only good to say of him. His body was brought up Saturday by Bert Thomas, and he was buried Sunday morning, the funeral services being held in the North Methodist church, people attending the funeral from all over the valley.

Boonville Chips

BOONVILLE, June 18, 1904.

We get our mail about on time now.

There is to be a barbecue here the Fourth of July.

W. V. Ornbaun's crew have finished shearing for the spring.

Haying is about finished here. There was a good crop.

The roads have got a little better than they were last winter. They have become dry and the travel over them has knocked some of the bumps off.

There are some very sick wool raisers here just now. The cause of it all is they sold their clip before sale day and lost a cent and a half a pound.

W. M. Ryan has been circulating among friends in the valley the past week. He reports everything lovely on the summit but thinks he found it different in the valley.

Muzz says that he has two fights to make now. As much as to say he will beat Mr. Harris for the nomination and then, of course, he would have another one this fall. But we think different. If Harris makes any effort at all Muzz will not have but one fight to make. Counting chickens before they are hatched don't pay, Muzz. AMERICA.

From Covelo

COVELO, June 20, 1904.

At present writing Covelo is being honored by a visit of the three supervisors, Fairbanks, Barnard and Lane, who are here for the purpose of viewing the route of the road from Covelo to Glenn county, the survey of which was made last year. Civil Engineer Bruce Markle is with them, we are told, for the purpose of making an estimate of the cost of constructing the road and bridges in contemplation. On their way here they inspected the Laytonville bridge on main Eel river and pronounced it in a very bad condition, the timbers being rotten. Hence the bridge is unsafe for travel of any kind.

Children's Day was fittingly observed by both the Baptist and Presbyterian churches. The children did great credit to themselves and their instructors.

The public school closed last Friday. The closing exercises were excellent, and were largely attended by the parents and friends.

Miss Maude Britton, the assistant teacher, left this morning for Fort Bragg where she will spend her vacation with her relatives and friends and will return in August to teach the fall term.

Miss Daisy Culver and her mother intend leaving Thursday morning for New York with the intention of making it their home. Miss Lucy Thompson and her father will accompany them to Ukiah.

The Christian Endeavor Society of Covelo will send Miss Minnette Mackay as a delegate to the State Christian Endeavor Convention which meets in Santa Rosa on the 29th inst. She with her mother, sister and brother, will leave here on the 28th. N. G.

University of California

UNIVERSITY OF CAL., June 18.—From present indications the enrollment for the summer session of 1904, soon to commence, will surpass that of any previous year. Over five hundred students have already registered for courses, and it is expected that this number will be doubled before the opening of the session. The curricula of instruction this year will embrace practically all the general subjects in which instruction is given at the University, and two new subjects in addition. Courses will be offered for the first time in music by Professor Albert Augustus Stanley, Professor of Music in the University of Michigan, and in Celtic, by Dr. Richard Henebry, the recently appointed instructor in Celtic philology.

Two scientists of international repute have come from Europe to give instruction at the summer session. Svante August Arrhenius, Professor of Physics in the University of Stockholm, will offer three courses in physical chemistry. Hugo de Vries, Professor of Botany in the University of Amsterdam, will give advanced courses in his special field. Jacob Loeb, Professor of Physiology in the University of California, will be the third of the trio of world-famous scientific experts on the summer session faculty.

James Ward, Professor of Mental Philosophy at Cambridge University, England, will offer courses in psychology. Instruction in history will be given by Professors Bernard Moses and Henry Morse Stephens of the University's permanent faculty; Frederick Jackson Turner, Professor of American History in the University of Wisconsin and known to historians as the foremost authority on subjects of American history; and Archibald Cary Coolidge, Assistant Professor of History in Harvard University. Besides these ten widely known scholars will be present from Eastern centers of learning.

Bill Rector, of Boonville, was in town yesterday and was a pleasant caller at this office.

F. W. Dooley, of Hopland, was in town yesterday selling tickets for a benefit ball for the relief of some of the sufferers from the Hopland fire. The tickets are $1.00 and the ball will be given under the auspices of the Hopland Band, Friday evening, July 8th.

Charley Busch announces himself as a candidate for Supervisor, in this issue, subject to the Republican County Convention. Mr. Busch is a good man and has lived in Potter and Ukiah and is familiar with the needs of the district. He is probably as strong a candidate as the Republicans could nominate.

The California-Northwestern Railway is advertising in San Francisco for the 4th of July holidays the low round trip rate to Ukiah of $5.00, Willits $6.00 and Sherwood $8.00. These tickets will be sold on July 1st, 2nd, 3rd and 4th, with return limit Tuesday, July 5th. This ought to bring to Mendocino county a number of people. Write your friends.

A minister of our acquaintance, preached not long ago in a California town, taking the familiar text: "Lay up for yourselves treasures in Heaven!" In passing out of the church after the service, a big burly old fellow slapped the minister on the back, and said heartily, "Well, parson, I liked that sermon of your's all right. I've only got one treasure, and that's my old woman, and *I'm perfectly willing to lay her up in Heaven.*"

Wool at Cloverdale

At the wool sales in Cloverdale last week the prices obtained ranged from 18 to 21¼ cents a pound. As much of the wool produced in the section tributary to Cloverdale had already been sold, the regular sale day did not bring as many people to town as usual. Messrs. Brush & Pinshower, the Cloverdale brokers, bot the major portion of the wool offered, outside buyers securing only about 100 bales.

Public Speaking

Hon. Frank E. Coulter of Portland, Oregon, will speak in the Christian church in Ukiah June 29th and 30th, at 8 o'clock p. m. Subjects: "Economy or Waste," "The Inside of Party," "The Economy of Hell." Mr. Coulter is said to be an original, forceful and versatile speaker.

This is going the rounds of the eastern newspapers: There is gladness in her gladness when she's glad, there is sadness in her sadness when she's sad; but the gladness of her gladness nor the sadness of her sadness is nothing to her madness when she's mad.

Arthur McFaul, of Union, one of the successful contestants in the DISPATCH's World's Fair competition, came over to Ukiah Wednesday to be ready to start for St. Louis with the other members of the party. He was accompanied as far as this city by his brother W. E. McFaul, of Bridgeport.

Funny Answers to Questions

In looking over the examination papers of the schools of our county, the Board of Education finds some funny answers to questions. We give a few samples:

"Give the derivation of the word pedagogue?"

Ans: "The word is derived from ped, meaning feet and gogue meaning four and the word means a four-footed animal."

"Name five differences between your school and the 'Sleepy Hollow' school?"

Ans. "The Sleepy Hollow teacher had a birch switch on the wall, while our teacher has a strap in his back pocket."

"What is a water sh d?"

Ans. "A place where the water runs down under a shed."

"What are Steppe lakes?"

Ans. "A place where the lakes are like steps."

"Describe the United States?"

Ans. "The United States is the torrid zone on the Pacific ocean, and is one-fourth as large as California and about the shape of California."

These answers are not fanciful, but are the actual answers handed in by the pupils.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption Coughs and Colds to be unequaled. A recent expression from T. J. McFarland Bentorville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Albion Notes

ALBION RIVER, June 23rd, 1904.—Dave Callahan has moved his entire grading force to the mouth of the South Fork, where he intends to build two miles of railroad in order to tap a tract of timber which has been recently purchased from W. B. Coombs. Camps will be built and logging will be carried on there this winter.

Camp 3 is running with about 175 men. They are all fed in one dining room. The cooking and the tables are presided over by five Chinamen.

U. E. Taylor has returned from San Francisco and will conduct the Woods store in the future.

Axel Zachrinson has resumed charge of the chopping force.

A well-posted man of the camp has figured out the Citizen's Alliance or League. He says: "Nine-tenths of them are Republicans and their motto is to keep down unions and labor. In all history of the country there never was such a need of a true Democrat as now. The Republican money ring from the President down are undoubtedly against the advancement of labor. The pathway of progress is entirely barred by the Republicans and their money power. The only redemption for the country is to replace a Roosevelt by an Andrew Jackson from the old Democratic party. Our government does not exist today as it was planned by Washington and Jefferson. The trusts with their iron hand of tyranny are bringing our country to grief. They are taking away all the opportunities of our young men. They increase the wealth for a few while they rob the masses in general."

Mr. J. Michelson and F. F. Frasier visited Camp 3 today and are paying the woodsmen. J. R. T.

Delinquent Personal Property Tax.

The following persons are hereby notified that their personal property tax in the amount set opposite each name is due to the County of Mendocino and is now delinquent: The amount of this tax is the difference between the amount collected by the Assessor on personal property where the taxes were not secured by lien on real estate and the amount found to be due according to the tax rate for the past fiscal year ending June 30, 1903. Such difference also arises in part by reason of the fact that the State Board of Equalization raised the value of the property of Mendocino County 15 per cent:

Hints to Housekeepers

The dainty lace-patterned oilcloths, so much used for kitchen shelves, are very apt to "stick" to the wood when they become saturated by the steam of the cooking. To avoid this, place papers on the shelves before tacking on the oilcloth.

Water is often thought to be almost absolutely incompressible, but Prof. Tait has now calculated that the ocean would rise 116 feet higher than at present if it were not compressed by its own weight. We are indebted to this compression, therefore, for 2,000,000 square miles of our dry land.

A floor should never be swept in a room where there is a contagious patient. It should be washed with a cloth and dipped in borax water, so that no dust annoys the patient and no assortment of germs are flung up in the air, to drift out of the window into the hall en route to fresh victims.

In burning garbage in the range it is a mistake to put it directly in the fire. Put it under the side or back lids, where the fire does not come in contact with it, and it will dry out. It is best to put the garbage in the stove at night, and by morning it is dried to a tinder and will blaze up and burn when the fire gets hotter, leaving no odor whatever. Never allow any scraps of food to be put into the scuttle.

Good Advice to the General Public

A Los Angeles man writing to the Riverside Press says:

"Do you know why merchants, farmers, fruitgrowers and taxpayers worry? If you don't I will tell you about it. They want to wake up and get a move on. It is because they can't sell their goods and produce; that is what makes them worry. Now here is the cure. Go to your home editor and tell him your troubles; take out a two year's subscription to the paper, and place an advertisement with him, and he will tell the people outside what you have to sell. A good business man always uses lots of printer's ink, and he is always prosperous, but a business man who doesn't advertise his goods, always makes a failure and curses his luck, because people can't find him.

"Now everything needs advertising, to get the best results. The churches need it; schools need it; hotels need it; merchants need it; mechanics need it; clubs and societies need it; the real estate dealers need it, and in fact every kind of business needs to be advertised. Advertise with your home papers. It is often the case that the local newspapers do more to build up your cities than any other agency, and it behooves all of you to help them and see that they have the support of all the citizens and business men."

Triumphs of Modern Surgery

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by Mathews Drug Co.

He Thanked the Jury

In St. Louis the other day a jury acquitted a pretty woman who had stolen $204 from a male visitor. The prosecuting attorney thanked the jury for their verdict in the following words:

"I thank you for your verdict. I thank you in the name of all that is lawless and shameless in crime and criminals. I thank you for the discriminating taste you have shown—for the high order of citizenship which you have displayed—in being influenced in your verdict by a pretty woman's winks and a glimpse at a bit of openwork stocking. You are a credit to your class."

UKIAH Business College

Great advantages offered to young men and women who wish to educate for business.

Preparatory Education Necessary

An ordinary English education will be all that is required on entering. Students found deficient in any of these branches will receive particular attention in those studies, and may graduate with as high honors by spending a little more time in the institution.

Individual Instruction

Our success in preparing our pupils for good paying positions is due largely to the fact that our scholars receive practical, individual instruction. We not only give a COMMERCIAL COURSE, but also a THOROUGH PRACTICAL BUSINESS TRAINING, that will fit all for good paying positions.

The Business Course Includes

Business mathematics, book-keeping, commercial law, banking, business forms and practice, letter-writing, spelling and good plain spencerian penmanship.

The Shorthand Department

Includes shorthand (Pitman system), typewriting (Smith Premier), spelling and business letter writing. No classes are formed; students may enter at any time. Our success in teaching can best be known by a personal interview with any of our pupils, whose names will be furnished upon application to the college.

As to Automobiles

By reference to the minutes of the proceedings of the last session of the Board of Supervisors of this county as published in THE DISPATCH, it will be seen that the District Attorney was instructed to draw up a county ordinance prohibiting the running of automobiles and motor bicycles over the public roads of Mendocino county. We are not prepared to say at this time that absolute prohibition should be enforced. It may be that strict regulation would answer the purpose. The purpose of such legislation would be, of course, to secure the safety of people traveling the roads in vehicles drawn by horses. Whether this end could be secured absolutely by penal regulation, we do not know. It can only be known by trial and experience. And there is a feature about this thing of penal regulation which might make it very unsatisfactory, even tho a penal ordinance might be strictly enforced as to the penalties for violation. If a man, woman or child should be killed or seriously crippled by reason of one of these machines frightening a horse, no amount of fine or length of imprisonment would compensate for the loss of life or injury.

One thing is certain. Something must soon be done, either in the line of prohibition or regulation. The use of automobiles is on the increase and in a county such as ours, where a majority of the road mileage is mountain grades, the machines are very dangerous. As a rule chaffeurs are inclined to be entirely too careless of the rights of others, and unless there be regulation or prohibition, the time will come when there will be serious trouble. In this connection we desire to quote the following from the pen of C. K. McClatchy editor of the Sacramento Bee, who recently spent four months taking observations in New York:

"When you hear, gentle reader, of a party of automobilists being stoned on their mad race thru some street in New York, just consider that there must have been some provocation for this public resentment. Even a street mob is generally the eruption of some long-festering sense of wrong. Death, the Chaffeur, has lorded it in his mighty way in New York recently, as "Monsieur the Marquis" lorded it thru the streets of Paris and on the country roads of France over one hundred years ago—and he has worked for the haughty automobilists who care nothing for the rights of the people, nothing for the law, nothing for the lives and limbs of those they consider beneath them.

"Insolent and autocratic, selfish and heartless, these bastard aristocrats proved the spirit which animated them by their insults to Mayor McClellan a little over a week ago in New York. The Mayor owns an automobile, but he is a law-abiding citizen, not a lawless son of Mammon. His chaffeur was arrested for speeding thru the streets, to the great danger of pedestrians, on his way to meet the Mayor at the City Hall. The man had been warned against this by the Mayor, who believes in thoro obedience to law. So when he was fined in Court, Mayor McClellan added to his punishment by discharging him. Thereupon the Mayor was the recipient of many messages from automobile bloods, by telephone and by mail, some of them very insolent if not abusive, upbraiding him for not expressing his contempt for the automobile ordinance by increasing the salary of his chaffeur!"

Yes, We Are Interested.

Mendocino County is situated so distant from and so much elevated above the flood districts of the great central valleys of the state that our people are apt to think that we have no interest in measures for the relief of those districts. But we are interested, both from the standpoint of the general prosperity of the state, and from a consideration of the fact that the relief plans now being discussed, involve state taxation, or the use of state money. We have already shown in these columns that much state money has been wasted in spasmodic attempts to give local relief by piecemeal. We have shown that the bossing of the scrappy work attempted to be done has cost the state more than the actual work.

Some weeks ago a River Convention was held in San Francisco to discuss and formulate plans for comprehensive relief work, but certain men went to that convention with a previously prepared program which was made to go through, and which contemplates a lot more of the same kind of work that has heretofore cost so much, and accomplished so little. We believe there is "graft," and plenty of it in the plan tentatively adopted. We would like to see all parts of California, that are subject to floods reclaimed and made productive, and all desert parts irrigated and filled with prosperous homes, but we want to see the land pay for itself and the "grafters" eliminated. This matter will surely come up in the next legislature. There will be a demand for money from the state treasury, and it will behoove the members of the legislative body to be carefully on the alert on the subject.

The Republican Convention

The Republican National Convention which met in Chicago this week was void of special interest, as it was known in advance just what would be done. The program had been carefully prepared under the direction of President Roosevelt and his lieutenants, and it went thru with due formality. The delegates from all over the Union and from our "outside possessions" merely met to ratify what the President had dictated should be done. There was no spontaneity of enthusiasm, because the whole thing was a fixed up routine. There was some display of eloquence from men previously catalogued for that service. It was distinctively an Administration convention. President Diaz of Mexico never more completely dictated his own election, than did Roosevelt command this convention. There are dozens of prominent Republicans fully as able and far more deserving than Roosevelt, but he had the whip hand and he did not withold it. The voice of Geo. A. Knight, the Mendocino county stock rancher, and incidentally engaged in the practice of law in San Francisco, was heard rolling in undulating waves of spontaneous eloquence carefully thot out and extemporized beforehand up in the hills near Laytonville with his flocks and herds for an audience.

IN an article recently published in Collier's Weekly, Senator Hoar, of Massachusetts, venerable for his age and honored for his attainments and long years of usefulness in the public service, gives it as his opinion that the standard of both private and public morals in this country has improved since his youthful days. Senator Hoar is older than the writer. His youthful days antedate ours somewhat; but we have a very distinct recollection of the standard of private and public morals of fifty years ago. The "standard" may be just as high now as then, but it is not measured up to now as it was then. In both public and private life, things are now done with impunity, crimes are condoned by society and in business and financial life, which fifty years ago would have brot upon the perpetrators thereof disgrace and dishonor which would have been plainly manifest. The public standard is high but the public conscience is not sensitive. We [illegible] generalize, but it is a fact patent to all who have observed [illegible]

[illegible] a single moral entity or attribute, found only in the souls of [illegible] manifest itself in many ways and under greatly [illegible] is always the same. Wherever there is a [illegible] difference between right and wrong, and right [illegible] manifests itself. It is the spark of [illegible] it is ever utterly destroyed.

A $10 purse will be given for the best exhibition of bronco busting.

On Sunday, July 3rd, there will be one of the best baseball games ever played in Ukiah.

The ball will be given on the evening of the Fourth in Marks' opera house.

A Wandering Girl

Point Arena has a strange visitor this week. On Friday Nina Baker, whose father lives about twelve miles from Williams, Colusa county, arrived in the neighborhood on horseback and in male attire. She slept by the roadside east of town Friday night and next day was interviewed by Justice Gillmore. She claimed to have friends in Gualala and said she was going to them. She asked permission to leave the horse in the Fashion stables, stating that the owner had been notified of its whereabouts and he would send for it.

Nothing further was known of the young lady's whereabouts until about noon Sunday, when Herbert Fairbanks was unconsciously drawn to Frost's beach. There he found the stranger and brought her to town. She said she camped on the beach Saturday night, and at daylight Sunday morning decided to put an end to her wanderings and jumped into the ocean.

Being unable to sink, the unfortunate girl gave up the idea of suicide by drowning, and thoroly soaked, she sat down on the beach to await developments.

The father was notified by telephone and he instructed the authorities here to hold his daughter until some one came for her.

The animal she rode is in a pitiable condition. The saddle had evidently not been removed during the trip, which with starvation created sores and reduced the brute to almost a condition of collapse.—Point Arena Record.

New Corporations Formed

Articles of incorporation as follows have been filed in the office of the County Clerk of this county:

Muir & Company, place of business Willits. Directors: W. T. Saxon, C. A. Irvine, H. B. Muir, A. J. Muir and John Harms. Capital stock $10,000. Purpose, to buy, sell and trade in various lines.

Mendocino County Publishing Company. Capital stock $10,000. Amount subscribed $790. There are eleven Directors. The purpose of this corporation is to establish and publish a newspaper, presumably in the interest of organized labor.

Suit for Attorney's Fee

The case of J. C. Ruddock against Bender Brothers was tried in the superior court Tuesday. The suit is for $80, claimed as a fee and money expended as attorney in the case of Bishop vs. Bender some two years ago. A. J. Thatcher appeared for plaintiff and Attorney Jones of San Francisco for defendant. The court took the case under advisement.

Doc Standley passed thru town early this week en route to the city to prepare for his trip to Nome. He will leave for the gold fields early next week.
